

# **Application of Numerical Control Closed Die Forging Hammer and its Automatic Production Line in Precision Forging Industry**

Anyang Forging Press(Group) Machinery Industry Co., Ltd    Wang Wei Dong

**Abstract:** According to the consideration of forging companies on precision forgings, we concluded the requirements for precision closed die forging equipments. Numerical Control Closed Die Forging Hammer can be fully applied in precision forging industry . Meanwhile we explained the necessity and feasibility of developing the Numerical Control Closed Die Forging Hammer Automatic Production Line . Look into the future of closed die forging industry, the Numerical Control Closed Die Forging Hammer Automatic Production Line will have a great development.

**Keyword::** Numerical Control Closed Die Forging Hammer    Automatic Production Line    Precision Forging Industry    Application
